

§ 305.8

A/E fees, resident inspection, test borings, and the testing of materials provided under an agreement or contract with the recipient. The A/E fees should be in conformity with similar costs and projects in the area.

[64 FR 69875, Dec. 14, 1999]

§ 305.8 Project phasing.

The recipient is strongly urged to award all contracts for construction at one time.

(a) Where compelling reasons justify phasing the project, the recipient must secure the approval of EDA for phasing prior to advertising any portion for bid.

(b) The recipient's request for approval of phasing must include valid reasons justifying the request and a statement from the recipient that it can, and will, fund any overrun that arises in the later phases.

(c) Normally, EDA will not disburse funds until all construction contracts have been awarded, (an exception is the development of an underground source of water when required to determine the availability of an adequate source of water supply in terms of both quality and quantity as described in the grant application).

(d) Disbursement of grant funds by phases must be approved by EDA. Such approvals will be given only if the recipient can demonstrate that a severe hardship will result if such approval is not given and there are compelling reasons why all phases cannot be contracted for at the same time.

(e) The recipient must be capable of paying incurred costs prior to the first disbursement of EDA grant funds.

[64 FR 69875, Dec. 14, 1999]

§ 305.9 Recipient furnished equipment and materials.

The recipient may wish to incorporate into the project equipment and/or materials which it will secure through its own efforts.

(a) It is the responsibility of the recipient to assure that such equipment and/or materials are adequate for the proposed use.

(b) The use of such equipment and materials must be approved by EDA to be eligible for EDA financial participa-

13 CFR Ch. III (1-1-00 Edition)

tion. The recipient shall be required to submit with its request for approval either a paid invoice or current quotes from not less than three suppliers who normally distribute such equipment and/or materials. EDA may require that major equipment items be subject to a lien in favor of EDA and may also require a statement from the Recipient regarding expected useful life and salvage value.

(c) The recipient must be prepared to show that the cost claimed for such equipment and/or materials is competitive with local market costs.

(d) Acquisitions of recipient furnished equipment and/or materials under this section is subject to the requirements of 15 CFR part 24 or 15 CFR part 14.

[64 FR 69875, Dec. 14, 1999]

§ 305.10 Construction Management services.

Construction Management is defined as the services of a firm with competent and experienced staff to act as the recipient's agent to perform all or part of project administration. EDA will not normally approve the use of a Construction Management firm for projects costing less than \$5 million. EDA will participate in such cost only if EDA approves the contract for such services.

[64 FR 69876, Dec. 14, 1999]

§ 305.11 Design/Build method of construction.

EDA discourages the use of the same entity to both design and to build EDA assisted facilities. If the recipient desires to use such a method, its use must be justified and EDA must approve the contract. The procurement of, and the compensation to, the designer/builder will be subject to the same rules as for the procurement of construction services.

[64 FR 69876, Dec. 14, 1999]

§ 305.12 Advertising for bids.

In the absence of State or local law to the contrary, the advertisement for bids for construction projects should appear in publications of general circulation a minimum of four times within a 30-day period prior to the
